On

SUNDAY 15th NOVEMBER 2015

at the Shirehall, St Peters Square, Hereford HR1 2HX

11.30am to 1.30pm ~ £10 including T-Shirt (which must be worn for the event)

This will be the 6th attempt to break the world record for the most amount of tap dancers performing the same dance at the same time as well as raising funds for the BBC's Children In Need Charity. The event is held all over the country in major cities and dance schools through-out the UK and brings together thousands of tap dancing enthusiasts of all ages and levels. The current world record still stands at 7,596 persons, we hope this year we will be able to smash it and raise lots of money for charity at the same time.

This year we will be dancing for 8 minutes and 55 seconds to 'Uptown Funk' by Bruno Mars. There is also a simplified routine so anyone can join in. If you would like to join us and be apart of this fantastic event with Featbeat Tap Dance please contact us by 8th October 2015 with your name, T Shirt size and £10 payment.
